Foreword

Welcome to the prospectus for the Hypnotherapy Practitioner Training Course in Clinical and Advanced Hypnotherapy. I am delighted that you are interested in training with us in this exciting profession.

This prospectus is designed to give you all the information that you need to make a decision as to whether to train with us. The field of hypnotherapy in the UK is complex. Our aim is to train you to be a fully qualified, professional, clinical hypnotherapist.

At Hypnotic Solutions we offer a training course that enables you to become a clinical hypnotherapist – internationally recognised, registered and certified by the National Guild of Hypnotists (NGH), the world's largest hypnotherapy organisation. Our course is also validated by the General Hypnotherapy Standards Council (GHSC) in the UK.

However, we don't just want you to complete the course with a qualification. We also want you to feel competent to help clients overcome their problems and to help you run your own hypnotherapy practice. On the course I will share with you my experiences of my many years in practice, with information on how to set up in practice and generate clients.

If at any time you need any further information, please contact me by e-mail or by phone or and I'll be pleased to help you.

In this prospectus, we detail not only the course contents but also the requirements that must be met in order for you to complete the course satisfactorily, and obtain your qualification to practise. We want to ensure that anyone who qualifies with us is fit to practise. The profession of hypnotherapy can involve the creation of significant relationships with vulnerable people, and so ethics are of extreme importance.

I very much hope that this prospectus gives you the information you seek and that we will soon be able to welcome you on one of our courses.

Best wishes

Brian M Jacobs, BSc DipHyp., NRAH, GHRreg, BCH NGH, CI
Director

Your Trainer

Your trainer is Brian Jacobs BSc., DipHyp., NRAH, GHRreg, BCH NGH, CI

Brian Jacobs is a Registered Clinical Hypnotherapist and Master Practitioner in Neuro-Linguistic Programming (NLP). He has been running a successful hypnotherapy practice based in North London and in Harley Street, London WC1.

Brian initially trained in hypnosis and NLP with Paul McKenna (the UK's foremost hypnotist) and Richard Bandler (the creator of NLP) before undertaking training in Advanced Hypnotherapy. In 2005 he advanced his NLP training to become a Licensed Master Practitioner of NLP, certified by the Society of NLP, and has been an assistant on the courses run by Paul McKenna Training.

Brian initially trained in Advanced Hypnotherapy with Valerie Austin. He subsequently trained in both the UK and the USA with some of the world's best hypnotherapists, including among others Ormond McGill, Gil Boyne, Tom Silver, Don Mottin, Cal Banyan and Jerry Kein.

Brian has qualified as a Certified Instructor of Hypnosis with The National Guild of Hypnotists (NGH), the largest and oldest hypnosis organisation in the world.

Prior to becoming a hypnotherapist, Brian was a Chartered Accountant specialising in personal taxation. In that capacity, he had many years experience helping clients on a one-to-one basis. The career move to hypnotherapy enabled him to continue using his interpersonal skills to help his therapy clients make positive changes to their lives.

Brian's many hobbies include public speaking. He is an active member of his local branch of Toastmasters International and the skills he has learned from attending their meetings are put to good use in his hypnotherapy training courses.

The Course

The core of this certified course is the 300 page National Guild of Hypnotists' training manual.

The course will be held in London. It consists of two modules of 8 days each – a total of 16 days classroom training – plus home study and assignments. Each training day runs from about 9am to 5.30pm with breaks for coffee/tea and lunch.

Hypnotherapy is both a theoretical and practical based study. We believe that it is very important for a student to not only know the information taught, but also to be able to use this information in a practical way. To this end, a large proportion of the course is dedicated to demonstrations and practice sessions.

The Practitioner Diploma Course offered has been externally assessed and validated at Practitioner Level by the General Hypnotherapy Standards Council (UK) and provides the basis for their externally awarded General Qualification in Hypnotherapy Practice (GQHP). It also fully meets the standards of the National Guild of Hypnotists.

Qualifications

Upon successful completion of the course you will become a certified clinical hypnotherapist. You will receive:

- **A Diploma in Advanced Hypnotherapy** from Hypnotic Solutions Training
- **Certification as a smoking cessation specialist**
- **Certification from the National Guild of Hypnotists (NGH)**

and you will be eligible to use the letters DipHyp (Diploma in Hypnotherapy) or C.H.(Certified Hypnotist) after your name.

In addition to becoming a member of the NGH you will also be eligible to apply for membership of the General Hypnotherapy Register (GHR).

If you apply to join the GHR then, on acceptance and payment of their membership fee, you will receive their certificate of membership and be entitled to use the initials GHRreg or GQHP. Your name will then also be added to The National Regulatory Register for Hypnotherapy

Why Train With Hypnotic Solutions?

Eligibility & Suitability of applicants

No previous experience of therapy is required to become a hypnotherapist. People come to hypnotherapy from all walks of life.

In fact you don't need to have any previous knowledge of hypnotherapy. On enrolment students will be given a reading list. We expect students to have read some of the books prior to attending the course.

Anyone can learn to do hypnosis. You don't have to have a special gift, or have a particular personality type – it's a skill that you can learn.

However as a practicing hypnotherapist you will be helping people make positive changes to their lives and some of your clients may be emotionally vulnerable. We therefore feel that it is important that anyone who undertakes this course must:

1. be of suitable character to take on a career of working with such people
2. be sufficiently mature in order to be able to listen to traumatic material without being unduly affected personally
3. be able to meet the academic demands of the course

Furthermore, those with certain medical conditions (including epilepsy, schizophrenia, bi-polar) are contraindicated for hypnosis.

Applicants will have an informal interview (by phone call or in person) to determine their suitability for the course.

Post-qualification Supervision and Training Requirements

Although the Hypnotherapy Practitioner Certification Course is a full practitioner qualification, we encourage our students to undertake continuing professional development(CPD) in order to keep abreast of new development and techniques within the field of hypnotherapy. In addition the GHR expects newly qualified practitioners to engage in **a minimum of 2 hours supervision in any 3 month period during their first 2 years of practice after qualification.** Supervision may be via “one-to-one” sessions or via a “peer support group”.

Registrants of the GHR are expected to participate in relevant CPD activity for a minimum of 25 hours annually whilst registered with the GHR. The GHR's definition of CPD includes appropriate reading, internet research or personal attendance at relevant workshops.

Course Fees

Unless otherwise arranged, tuition fees will be due in full at least 21 days before the commencement of the course.

The tuition fee for 2010 for the 16-day Practitioner Course is £1,850 (less any appropriate discount).

A deposit of £200 will be required upon enrolment. The deposit is non-refundable unless you are not accepted on the course.

The balance of the fee must be paid in full 21 days prior to the commencement of the course.

Our fee includes all tuition together with the full NGH training manual. It also includes 1 year's membership of the National Guild of Hypnotists. Students should however be aware that additional expenditure will need to be incurred for books. Those who go into practice after the course will also need to take out professional indemnity insurance and to pay fees to join a professional organisation such as the GHR.

Hypnotic Solutions Training is the trading name of Hypnotic Solutions Training Limited.

An application may be refused without explanation where we consider that the applicant may not be suitable for the course.

The balance of the fee is payable 21 full days prior to commencement of the course.

If the course is cancelled then a full refund of fees will be made but Hypnotic Solutions Training will not be liable for any additional expenses incurred by students.
